

Community Service Challenge

Isolette covers for the NICU at Bronson Hospital is our chapter's community service project for 2015. The NICU serves at-risk babies born in both Kalamazoo and Battle Creek. Batting and grant requests are available to financially support the project.

We will also embrace the covers as our Spring Luncheon Community Service Challenge.

It's time to start looking through your stash, clipping your JoAnn coupons, clearing your cutting table, and sandwiching those layers. Of course, there's plenty of time to stitch before the Luncheon. Members will be anxious to share their creations and celebrate what they've accomplished in support of the NICU.

The display at the Spring Luncheon will be amazing!

Community Service Grants

At its January meeting, the CAB agreed to support the ongoing need for isolette covers at the Neonatal Intensive Care Unit (NICU) at Bronson Hospital for the chapter's 2015 community service project. The CAB also wants to financially support this community service project.

At the February meeting, twenty (20) pre-cut pieces of batting will be available to members on a first-come, first-served basis. Please, one piece per member.

In addition, using designated community service funds, the chapter will make twelve (12) \$20.00 grants to members who want and/or need to purchase fabric for the covers. In this newsletter, you will find a **very** simple grant request form. Or, if you prefer, send an email to readnquilt@yahoo.com. Include "Community Service Grant" in the subject line and provide your name and the amount requested. The first twelve requests will be sent to our treasurer, Pauline Giacobone.

Community service is at our core. Let's show the NICU how caring we can be.

Community Service Grant Request Form 2015--Isolette Cover

Name _____

Address _____

Amount Requested _____

Either mail your completed request form to me at: Pam Knight, 5400 Hillside, Kalamazoo, MI 49004 or email at readnquilt@yahoo.com. I will submit them to Pauline.
